**Re:** Update on the CAPP NL meeting

Dear friends of Centesimus Annus,

We thank you for attending the introductory meeting of CAPP last Tuesday in Weert. We look back at an inspiring gathering, where we celebrated mass, discussed the background of CAPP and learned how the Catholic Social Doctrine has already inspired valuable (local) initiatives.

In particular, we would like to thank Mgr. De Jong and Dr. Dr. Rusche for their substantive contributions. It may be clear that in The Netherlands, and especially in the Province of Limburg, many initiatives have already been developed which were funded on the Catholic Social Doctrine. We also recall the three German 'F'-s of: 'From, Freude und Freundschaft' reflecting the dedication, vividness and friendship of the encounters in, and activities of, CAPP.

To remind you of this evening, we attach the group photo we made after the Holy Mass that was celebrated in the St. Martinuskerk in Weert.

**CAPP in The Netherlands: the next step**

We are glad to have received already several enthusiastic responses following the even last Tuesday. Together with you we hope that CAPP will bear fruit also in The Netherlands. Therefore, we will be pleased to keep you informed on the further developments and activities of CAPP.

**International conference in the Vatican**

A specific event we want to mention to you is the international CAPP conference that will take place from 18 till 20 May 2017 in the Vatican. During these days, discussions will elaborate on a very topical issue: ***'ROADS TOWARDS A NEW SOCIAL AND ECONOMIC MODEL: Incentives for the Common Good in the Digital Age'***.

We thank you once for your presence, and please do not hesitate to contact us should you have any further questions.

Best regards,

Thijs Hendrix,  
Peter Korten,  
Drs. Danielle Landes-Campen RA and  
Gert-Jan Boon LL.M MSc
